HEARTBEATS & HEROES

Undiagnosed heart conditions in otherwise healthy youth bring gut-wrenching tragedy to families, communities, and schools every year. In fact, our heart screenings have confirmed that 1 in 250 students is at risk for sudden cardiac death related issues.

Proceeds from Heartbeats & Heroes at Home will provide FREE heart screenings to detect those unknown heart conditions for Texas teens regardless of socioeconomic status, and help prevent sudden cardiac arrest in youth.

We invite you to partner with us in sponsoring Heartbeats & Heroes at Home.

HEARTBEATS & HEROES

We are pleased to announce this year's HERO award honoree:

The **HERO award** honors an individual/group who, through their life and work, displays a passionate mission to raise awareness & eliminate cardiac arrest in youth.

Read more about Austin Regional Clinic [here](#)

“Austin Regional Clinic cares deeply about the health and well being of our patients, including the many active teens who enjoy sports and energetic activities. When CHF first contacted us eight years ago about hosting one or more of their free heart screenings, we were happy and excited to participate, because we strongly believe that prevention is one of the keys to maintaining good health. Over the years, the CHF screenings have prevented serious heart conditions and even deaths among teens, thanks to their dedicated team of physicians, clinicians, and support staff. ARC has enjoyed our partnership with CHF and our clinics look forward each summer to hosting the screenings, knowing that we are part of a wonderful community service for Central Texans!”

HEARTBEATS & HEROES

Heartbeats & Heroes will also include two additional award presentations during the event.

Outstanding Youth Volunteer:

The Outstanding Youth Volunteer award recognizes a student (or group of students) who has volunteered over time with Championship Hearts Foundation.

Outstanding Community Advocate:

The Outstanding Community Advocate award is presented to an individual or group who has repeatedly demonstrated their support of the Championship Hearts Foundation mission by encouraging participation in the Teen Heart Screening program.
